The Administration for Children and Families (ACF), Administration on Children, Youth and Families (ACYF), Family and Youth Services Bureau (FYSB) will award one cooperative agreement through the Family Violence Prevention and Services Discretionary Grant Program to support an Alaska Native Tribal Resource Center on Domestic Violence (ANTRC). The ANTRC will focus on the intervention and prevention of family violence, domestic violence, and dating violence by offering statewide information, training, and technical assistance specifically designed to reduce tribal disparities within Alaska Native (AN) communities and villages. The purpose of this project is to enhance the capacity of AN tribes and tribal organizations to respond to family violence, domestic violence and dating violence in a culturally sensitive, relevant, and effective manner.

The ANTRC will be a member of a nationwide network composed of National and Special Issue Resource Centers and Culturally Specific Special Issue Resource Centers, known as the Domestic Violence Resource Network (DVRN). The DVRN provides information, resources, research, training, and technical assistance on a national level to improve the capacity of individuals, organizations, governmental agencies, local communities, tribes, and tribal organizations to prevent domestic violence and dating violence, and to ensure domestic violence programs are better able to provide effective intervention and prevention services.

The statutory authority for this FOA is 42 U.S.C. §10410(b)(3) of the Family Violence Prevention and Services Act (FVPSA).

Notice: Applicants are strongly encouraged to read the entire FOA carefully and observe the application formatting requirements listed in Section IV.2. Content and Form of Application

I. Program Description

Statutory Authority

The statutory authority for this funding opportunity announcement is 42 U.S.C. 10410(b)(3) of the FVPSA.

Description

History and Purpose of the Family Violence Prevention and Services Act

The FVPSA provides the primary federal funding stream dedicated to the support of emergency shelter and supportive services for victims of domestic violence, as well as their dependents. First authorized as part of the Child Abuse Amendments of 1984 (Pub. L.) 98-457), FVPSA became the first federal commitment to creating a pathway to safety for survivors of domestic violence and their children. FVPSA has been amended eight times and most recently was reauthorized in December 2010 for 5 years by the Child Abuse and Treatment Act (CAPTA) Reauthorization Act of 2010 (42 U.S.C. §§ 10401 - 10414). Since 1984, Congress has continued to make its intent clear that FVPSA funds are to be used to raise awareness of domestic violence, prevent its occurrence, provide services to victims and their children, and support domestic violence providers to enhance their responses through training and technical assistance.

Specifically, FVPSA's statutory purposes are to:

1. Assist states and Indian tribes in efforts to increase public awareness about, and primary and secondary prevention of domestic violence;
2. Assist states and Indian tribes in efforts to provide immediate shelter and supportive services for victims of domestic violence and their dependents;
3. Provide for a national domestic violence hotline; and
4. Provide for technical assistance and training relating to domestic violence programs to states and Indian tribes, local public agencies (including law enforcement agencies, courts, and legal, social service, and health care professionals), nonprofit private organizations (including faith-based and charitable organizations, community-based organizations, and voluntary associations), tribal organizations, and other persons seeking such assistance and training.

FVPSA is administered by the FVPSA Program, located in the FYSB, a division of the ACYF. FYSB administers mandatory FVPSA formula grants to states and territories, tribes, and state domestic violence coalitions. FVPSA awards grants to every state and territory and over 200 tribes. Funds awarded to states, territories, and tribes reach more than 1,600 local public, private, nonprofit, and faith-based organizations and programs demonstrating effectiveness in the field of domestic violence services and prevention. These programs provide victims of domestic violence, and their children with emergency shelter, safety planning, crisis counseling, information and referral, legal advocacy, and additional support services. According to FY 2018 performance data, FVPSA-funded programs provided emergency shelter and supportive

services to 871,271 women, 303,293 children, and 84,719 men.

The FVPSA Program also administers funding for the National Domestic Violence Hotline (1-800-799-SAFE) to operate a confidential 24-hour national, toll-free telephone hotline to provide information and assistance to adult and youth victims of family violence, domestic violence or dating violence, their family, and others affected by the violence in an effort to build healthy, safe and supportive communities. In addition, FVPSA funding supports Stronghearts Native Helpline, the first national Native helpline (1-844-7NATIVE) for native victims of domestic violence. The Native helpline provides specialized supportive services to address the unique barriers often faced by Native survivors of intimate partner abuse including culturally-specific and tribally-based resources for American Indians and Alaska Natives.

In order to ensure the safety of adult, youth, and child victims of family violence, domestic violence, or dating violence, and their families. FVPSA grantees and subgrantee shall protect the confidentiality and privacy of such victims and their families (45 CFR § 1370.4). FVPSA grantees and subgrantees shall not do the following:

1. Disclose any personally identifying information (as defined in 45 CFR § 1370.2) collected in connection with services requested (including services utilized or denied) through grantees' and subgrantees' programs;
2. Reveal any personally identifying information without informed, written, reasonably time-limited consent by the person about whom information is sought, whether for this program or any other federal, tribal, or state grant program, including whether to comply with federal, tribal, or state reporting, evaluation, or data collection requirements; or
3. Require an adult, youth, or child victim of family violence, domestic violence, or dating violence to provide a consent to release his or her personally identifying information as a condition of eligibility for the services provided by the grantee or subgrantee.

FYSB Priorities

FYSB is one of two Bureaus within ACYF. The mission of FYSB is to support the organizations and communities that work every day to put an end to youth homelessness, adolescent pregnancy and domestic violence. FYSB achieves this by supporting programs that provide shelter, community services and prevention education for youth, adults and families.

Alaskan Native Tribal Resource Center (ANTRC) on Domestic Violence

In 2019, FVPSA awarded 144 tribal grants supporting 252 tribes. Of these, 33 grants were awarded to tribes and tribal organizations. FVPSA authorizes a state resource center to end tribal disparities that will provide statewide information, training, and technical assistance to Indian tribes, tribal organizations, and local domestic violence service organizations serving Indians and Alaska Natives.

The ANTRC will support family violence, domestic violence, and dating violence prevention and intervention efforts in Alaska to enhance the capacity of the tribes, tribal organizations, tribal leaders, domestic violence advocates, community members, and other professionals who assist in addressing intersecting issues of domestic violence prevention and response efforts.

Through this grant program, FYSB will fund one cooperative agreement to enhance the capacity of AN tribes and tribal organizations to respond to family violence, domestic violence, and dating violence in a culturally sensitive, relevant, and effective manner. FYSB issued a previous

award in 2017 under FOA HHS-2017-ACF-ACYF-EV-1281.

In accordance with 42 U.S.C. 10410(b)(3), the ANTRC expectations are as follows:

- To offer a comprehensive array of technical assistance and training resources to Alaska Natives, specifically designed to enhance the capacity of the tribes, organizations, and providers to respond to domestic violence, including offering the resources in states in which the population of Indians (including Alaska Natives) exceeds 2.5 percent of the total population of the state;
- To coordinate all projects and activities with the National Indian Resource Center Addressing Domestic Violence and Safety for Indian Women, including projects and activities that involve working with nontribal state and local governments to enhance their capacity to understand the unique needs of Indians, including Alaska Natives; and
- To provide comprehensive community education and domestic violence prevention initiatives in a culturally sensitive and relevant manner.

Definitions - (for the purposes of the FOA)

- **Alaska Native:** The term “Alaska Native” has the meaning given the term “Native” in section 1602 of title 43.
- **Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- **Domestic Violence:** Felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws or jurisdiction receiving grant monies; or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
- **Family Violence:** Any act or threatened act of violence, including any forceful detention of an individual, which: (a) results in or threatens to result in physical injury, and (b) is committed by a person against another individual (including an elderly person) to whom such person is, or was, related by blood or marriage, or otherwise legally related, or with whom such person is, or was, lawfully residing.
- **Family Violence:** Any act or threatened act of violence, including any forceful detention of an individual, which: (a) results in or threatens to result in physical injury, and (b) is committed by a person against another individual (including an elderly person) to whom such person is, or was, related by blood or marriage, or otherwise legally related, or with whom such person is, or was, lawfully residing.
- **Intimate Partner Violence:** A term used interchangeably with “domestic violence, or dating violence.”
- **Technical Assistance:** Specific, detailed guidance, that can include the following: phone calls or emails on a specific topic, provision of written materials, referrals, review and feedback/comments/advice on materials prepared by individuals or organizations, or

onsite visits involving intensive assistance and an exchange of information and resources.

- Trainings and Presentations: Pre-scheduled and in-depth information on a particular topic(s) in person, in a targeted geographic area, over the phone, or online.

Program Goals

This funding opportunity will support the operation of a statewide technical assistance provider to enhance the capacity of AN tribes and tribal organizations to respond to family violence, domestic violence, and dating violence in a culturally sensitive and effective manner. The applicant must have the organizational capacity, leadership, and experience in serving Alaska Natives from geographically diverse locations as well as experience providing training and technical assistance to programs, communities and other entities to address disparities faced by AN communities in addressing domestic violence.

This ANTRC will assist in building the statewide capacity to engage AN communities and programs including those in geographically isolated villages where community-level involvement is necessary. The applicant is required to directly support the provision of prevention programming including meetings and gatherings to work collaboratively with community members, tribal leaders, domestic violence advocates, and other relevant response systems, to develop policies and protocols and to improve prevention and response skills.

There is a critical need to provide additional support to AN victims of domestic violence to address the barriers faced by victims, the children who witness such violence, responders, and their communities. Forty percent (229) of the 573 federally recognized tribes are located in Alaska. For the entire State of Alaska there more than 200 Alaska Native villages, and only two Native domestic violence shelters. Many of the AN tribes are located in isolated villages where the only way in or out is by boat, plane, and in the winter, snow mobiles. There are also very limited or no resources to support local responses to crisis caused by domestic violence or dating violence. When domestic violence occurs, community members such as teachers, elders, nurses, or domestic violence advocates may be called upon for support because law enforcement is unavailable for an immediate response. To reach the nearest shelter, many AN victims of domestic violence are often faced with traveling long distances away from their villages and families.

A 2016, National Institute of Justice study indicated that more than four in five American Indian and Alaska Native women (84.3 percent) have experienced violence in their lifetime. This includes 56.1 percent who have experienced sexual violence, 55.5 percent who have experienced physical violence by an intimate partner, 48.8 percent who have experienced stalking, and 66.4 percent who have experienced psychological aggression by an intimate partner. Overall, more than 1.5 million American Indian and Alaska Native women have experienced violence in their lifetime.

Due to the many challenges victims of domestic violence face when trying to access criminal and civil justice, and receive shelter and other supportive services, many incidents of domestic violence and dating violence go unaddressed and unreported.

- Note: for the purposes of this FOA, evidence-informed practices bring together the best available research, professional expertise and input from communities to identify and

deliver services that show promise to achieve positive outcomes for AN populations.

Program Requirements

The ANTRC grantee shall provide technical assistance to AN tribes and tribal organizations in carrying out all activities.

The ANTRC grantee must do the following:

- Provide statewide technical assistance to expand the capacity of AN domestic violence programs, non-native domestic violence programs, and other responders to provide survivor- and culturally-centered domestic violence prevention and intervention services.
- Create community-level involvement and develop programmatic resources and training tools to assist AN organizations, community-based supports, and non-native programs.
- Increase emergency/safety responses, access to shelter or safe homes and other supportive services such as legal assistance and transportation, for AN victims of domestic violence.
- Enhance public awareness through the development and promotion of the following: new and/or existing resources, including emerging issues and prevention/intervention strategies that are both broadly relevant and community specific; model program policies; sheltering policies; screening tools; and promising practices to support AN victims of domestic violence, families, and communities impacted by intimate partner violence.
- Synthesize research literature and conduct studies to inform development of frameworks that take into account the unique needs of AN victims of intimate partner violence with special emphasis on the populations that are geographically removed from accessible services.
- Develop partnerships and build innovative collaborations between entities such as: AN and non-native domestic violence providers, AN-specific organizations, the (NIWRC), Stronghearts Native Helpline, the National Network to End Domestic Violence (NNEDV), the DVRN, school teachers, community members, transportation providers, public health organizations, and social service agencies.
- Provide coordinated and topic-specific training and technical assistance to FVPSA AN program through onsite visits; presenting at statewide, regional and national meetings and conferences; developing on-line, self-paced learning modules; presenting webinars; developing written materials; and coordinating small group meetings such as in-person, conference calls and video technology to encourage peer learning. The grantee will participate in ongoing coordination and collaboration with the FVPSA-funded resource centers especially NIWRC, Stronghearts Native Helpline and the NNEDV.
- Address emerging issues related to family violence, domestic violence, and dating violence through the provision of training and technical assistance that is comprehensive and national in scope. Emerging topics of relevance may include violence prevention for children and youth; the co-occurrence of human trafficking and domestic violence; family/youth homelessness; services for male victims; services for children of all ages who witness violence; and meeting the needs of survivors with substance use histories.
- Conduct needs assessments to address emerging trends, gaps, and accessibility barriers

that domestic violence victims may face when accessing health and social services in Alaska.

- Coordinate with NNEDV in their efforts to assure the capacity of the states, domestic violence coalitions and tribes to carry out the FVPSA grant program requirements with best practices and in adherence to FVPSA guidance, including legislation and regulations.
- Plan meetings, events and site visits in conjunction with FYSB to allow for participation of FYSB staff. The selected grantee will also assist FVPSA project officers with site visits and provide necessary technical assistance to grantees as part of follow-up to a site visit.

DVRN Activities

The DVRN is currently comprised of the following members:

- National Resource Center on Domestic Violence
- National Indian Resource Center Addressing Domestic Violence and Safety for Indian Women: National Indigenous Women's Resource Center

The ANTRC will coordinate with other DVRN members and work collaboratively to coordinate national training, technical assistance, public awareness, and research initiatives.

FYSB expects the ANTRC to plan travel expenses for at least one representative to participate in two DVRN meetings each project period and no fewer than two FYSB sponsored meetings each project period. For information on the DVRN, go to <http://www.acf.hhs.gov/programs/fysb/programs/family-violence-prevention-services/programs/centers>.

Please note: Members of the DVRN will maintain independent governance of their own organizations but are expected to share their expertise with other DVRN members, actively participate in the coordination of technical assistance, attend semi-annual DVRN meetings, and work collaboratively to develop training, resources, research, or initiatives.

Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font. Pages that contain blurred text, or text that is too small to read comfortably, will be removed.

English Language

Applications must be submitted in the English language and must be in the terms of United States (U.S.) dollars. If applications are submitted using another currency, ACF will convert the foreign currency to U.S. currency using the date of receipt of the application to determine the rate of exchange.

Page Limitations

Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:". Page limitation(s) do not include SFs and OMB-approved forms.

All applications must be double-spaced. An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have the last extra pages removed and the removed pages will not be reviewed.

Application Elements Exempted from Double-Spacing Requirements

The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the table of contents, the one-page Project Summary/Abstract, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

Adherence to FOA Formatting, Font, and Page Limitation Requirements

Applications that fail to adhere to ACF's FOA formatting, font, and page limitation

requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review. The removed page(s) will not be made available to reviewers.

Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

NOTE: Applicants failing to adhere to ACF's FOA formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

Corrections/Updates to Submitted Applications

When applicants make revisions to a previously submitted application, ACF will accept only the last on-time application for pre-review under the Application Disqualification Factors. The Application Disqualification Factors determine the application's acceptance for competitive review. See *Section III.3. Application Disqualification Factors* and *Section IV.2. Application Submission Options*.

Copies Required

Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all Standard Forms and OMB-approved forms. The original copy must have original signatures.

Signatures

Applicants submitting electronic applications must follow the registration and application submission instructions provided at www.Grants.gov.

The original of a paper format application must include original signatures of the authorized representatives.

Accepted Application Format

With the exception of the required Standard Forms (SFs) and OMB-approved forms, all application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page. Pages with blurred text will be removed from the application.

PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:

*The **Project Description** (File One) is limited to 50 pages and must include the following:*

- Table of Contents
- Project Summary/Abstract (one page)
- Objectives and Need for Assistance
- Expected Outcomes
- Approach
- Timeline and Narrative
- Logic Model
- Program Performance and Evaluation Plan
- Organizational Capacity
- Dissemination Plan
- Protection of Sensitive and/or Confidential Information
- Project Sustainability Plan
- Line Item Budget and Budget Justification (**exempt from page limitations**)

***Appendices** (File Two) (**exempt from the page limitations**) must include:*

- Staff Position Information (e.g., resumes of key staff, job descriptions, organizational chart)
- List of Board Directors or other governing body members (as applicable)
- Financial Statements (as applicable)
- Third-Party Agreements/Memoranda of Understanding (MOUs) (as applicable)
- Letters of Support
- Required Forms, Certifications and Assurances
- Proof of Legal Status
- Indirect Cost Rate Letter (as applicable)
- Other Eligibility Documents (as applicable)

Please note again that *Staff and OMB-approved forms do not be count toward the page limit.*

Remember that shorter applications are often easier for reviewers to fully comprehend. FYSB suggests that applicants use headings, subheadings, bullet points, extra spaces, and formatting such as bold or underline to help grant reviewers easily locate each aspect of your grant application and determine that each point has been addressed in your application.

ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS

Applicants are required to submit their applications electronically unless they have requested and received an exemption that will allow submission in paper format. See *Section IV.2. Application Submission Options* for information about requesting an exemption.

Electronic applications will only be accepted via www.Grants.gov. **ACF will not accept applications submitted via email or via facsimile.**

Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.

File One: Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

File Two: Must contain all documents required in the Appendices.

Adherence to the Two-File Requirement

No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

Application Upload Requirements

ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed earlier in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Acrobat Reader software will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

Applicants must ensure that the version of Adobe Acrobat Reader they are using is compatible with Grants.gov. To verify Adobe software compatibility please go to Grants.gov and click on “Applicants” at the top bar menu and select “Adobe Software Compatibility”, which is listed under “Applicant Resources.” The Adobe verification process allows applicants to test their version of the software by opening a test Workspace PDF form. Grants.gov also includes guidance on how to download a supported version of Adobe, as well as troubleshooting instructions for use, if an applicant is unable to open the test form.

The Adobe Software Compatibility page located on Grants.gov also provides guidance for applicants on filling out a Workspace PDF form. In addition, it addresses local network and/or computer security settings and the impact this has on use of Adobe software.

Required Standard Forms (SFs) and OMB-approved Forms

Standard Forms (SFs) and OMB-approved forms, such as the SF-424 application and budget forms and the SF-P/PSL (Project/Performance Site Location), are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required Standard Forms, OMB-approved forms, and required assurances and certifications.

Naming Application Submission Files

Carefully observe the file naming conventions required by www.Grants.gov. Limit file names to 50 characters (characters and spaces). Special characters that are allowed under Grants.gov's naming conventions, and are accommodated by ACF's systems, are listed in the instructions available in the "Select Grant Opportunity Package" at Grants.gov. Please also see <https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html>.

Use only file formats supported by ACF

It is critical that applicants submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDF documents in order to comply with the two file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete and ACF will not make any awards based on an incomplete application.

ACF supports the following file formats:

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Corel WordPerfect (.wpd)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

Do Not Encrypt or Password-Protect the Electronic Application Files

If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete and ACF will not make awards based on an incomplete application.

FORMATTING FOR PAPER APPLICATION SUBMISSIONS:

The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. For more information on the exemption, see "*ACF Policy on Requesting an Exemption from Required Electronic Application Submission*" at www.acf.hhs.gov/grants/howto#chapter-6

Format Requirements for Paper Applications

All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single FOA, or multiple applications under separate FOAs, each application submission must be packaged separately. The package(s) must be clearly labeled for the specific FOA it addresses by FOA title and by Funding Opportunity Number (FON).

Applicants using paper format should download the application forms package associated with the FOA's Synopsis on www.Grants.gov under the Package tab.

Because each application will be duplicated, do not use or include separate covers, binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate sections of the application. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes. All pages in the application submission must be sequentially numbered.**

The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for use during the review and selection process.

The Project Description**The Project Description Overview****General Expectations and Instructions**

The Project Description provides the majority of information by which an application is evaluated and ranked in competition with other applications for financial assistance. It must address all activities for which federal funds are being requested and all application requirements as stated in this section. The Project Description must explain how the project will meet the purpose of the FOA, as described in *Section I. Program Description*. As a reminder, reviewers will be evaluating this section in accordance with *Section V.I. Criteria*.

The Project Description must be clear, concise, and complete. ACF is particularly interested in Project Descriptions that convey strategies for achieving intended performance. Project Descriptions are evaluated on the basis of substance and measurable outcomes, not length. Cross-referencing should be used rather than repetition. Supporting documents designated as required must be included in the Appendix of the FOA.

Letter of Intent

Applicants are strongly encouraged to notify ACF of their intention to submit an application under this announcement. Please submit a letter of intent by the deadline date listed in *Section IV.4. Submission Dates and Times*. The letter of intent should include the following information: number and title of this announcement; the name and address of the applicant organization; and the name, phone number, fax number and email address of a contact person.

Letter of intent information will be used to determine the number of expert reviewers needed to

evaluate applications. **The letter of intent is optional.** Failure to submit a letter of intent **will not** impact eligibility to submit an application and **will not** disqualify an application from competitive review.

Then, a unit of time could be assigned to each subsequent column, beginning with the first unit (i.e., week, month, quarter) of the project and ending with the last. Shading, arrows, or other markings could be used across the applicable grid boxes or cells, representing units of time, to indicate the approximate duration and/or frequency of each task and its start and end dates within the project period.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

Third-Party Agreements

Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. Letters of Commitment and MOUs must both clearly describe the roles and responsibilities for project activities and the support and/or resources that the third-party (i.e., subrecipient, contractor, or other cooperating entity) is committing. The Letters of Commitment and MOUs must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization. General letters of support are **not** considered to be third-party agreements.

Applicants must provide Letters of Commitment or MOUs between recipients and third-parties (i.e., subrecipients, contractors, or other cooperating entities).

Applicants must provide Letters of Commitment or MOUs between recipients and third-parties (i.e., subrecipients, contractors, or other cooperating entities). In addition to clearly describing the roles and responsibilities for project activities and support and/or resources that the third-party is committing, these agreements must detail work schedules and estimated remuneration with an understanding that a finalized agreement will be negotiated once the successful applicant is awarded the grant.

Collaboration/consortia applicants must provide letters of commitment or MOUs identifying the

At minimum, each letter of support must identify the individual writing the letter, the organization they represent, the date, and reason(s) for supporting the project.

The Project Budget and Budget Justification

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information Standard Form, either SF-424A or SF-424C. Applicants are encouraged to review the form instructions in addition to the guidance in this section. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Applicants must indicate the method they are selecting for their indirect cost rate. See Indirect Charges for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

Special Note: *The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2020 and Further Consolidated Appropriations Act, 2020, (Division A, Title II, Sec. 202), limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary of an individual at a rate in excess of Executive Level II. The Executive Level II salary of the "Rates of Pay for the Executive Schedule" is \$197,300. This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards and subcontracts under an ACF grant or cooperative agreement.*

Provide a budget for the initial budget period only (typically the first 12 months of the project) using the SF-424A and/or SF-424C, as applicable.

Provide a budget justification, which includes a budget narrative and a line-item detail, for only the first budget period of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

Use the following guidelines for preparing the project budget and budget justification. The budget justification includes a budget narrative and a line-item detail. Applications should only include allowable costs in accordance with 45 CFR Part 75 Subpart E.

Personnel

Description: Costs of employee salaries and wages. See 45 CFR § 75.430 for more information on allowable personnel costs. Do not include the personnel costs of consultants, contractors and subrecipients under this category.

Justification: For each position, provide: the name of the individual (if known), their title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Identify the project director or principal investigator, if known at the time of application.

Fringe Benefits

Description: Costs of employee fringe benefits are allowances and services provided by employers to their employees in addition to regular salaries and wages. For more information on Fringe Benefits please refer to 45 CFR § 75.431. Do not include the fringe benefits of consultants, contractors, and subrecipients.

Typically, fringe benefit amounts are determined by applying a calculated rate for a particular class of employee (full-time or part-time) to the salary and wages requested. Fringe rates are often specified in the approved indirect cost rate agreement. Fringe benefits may be treated as a direct cost or indirect cost in accordance with the applicant's accounting practices. Only fringe benefits as a direct cost should be entered under this category.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement, taxes, etc.

Travel

Description: Costs of project-related travel (i.e., transportation, lodging, subsistence) by employees of the applicant organization who are in travel status on official business. Travel by non-employees such as consultants, contractors or subrecipients should be included under the Contractual line item. Local travel for employees in non-travel status should be listed on the Other line. Travel costs should be developed in accordance with the applicant's travel policies and 45 CFR § 75.474.

Justification: For each trip show: the total number of travelers; travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/grantee orientations should be detailed in the budget justification.

Equipment

Description: "Equipment" means an article of nonexpendable, tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of

any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in, or excluded from, acquisition cost in accordance with the organization's regular written accounting practices.) See 45 CFR § 75.439 for more information.

Justification: For each type of equipment requested provide: a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use on the project; as well as use and/or disposition of the equipment after the project ends.

Supplies

Description: Costs of all tangible personal property, other than included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000. See 45 CFR § 75.453 for more information.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

Contractual

Description: Cost of all contracts and subawards except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contract or subawards with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. Costs related to individual consultants should be listed on the Other line. Recipients are required to use 45 CFR §§ 75.326-.340 procurement procedures, and subawards are subject to the requirements at 45 CFR §§ 75.351-.353.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Applicants must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold stated in [Office of Management and Budget \(OMB\) Memorandum M-18-18: Implementing Statutory Change to the Micro-Purchase and the Simplified Acquisition Thresholds for Financial Assistance](#) and 48 CFR Subpart 2.1 (when amended accordingly). Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Indicate whether the proposed agreement qualified as a subaward or contract in accordance with 45 CFR § 75.351. Provide the name of the contractor/subrecipient (if known), a description of anticipated services, a justification for why they are necessary, a breakdown of estimated costs, and an explanation of the selection process. In addition, for subawards, the applicant must provide a detailed budget and budget narrative for each subaward, by entity name, along with the same justifications referred to in these budget and budget justification instructions.

Other

Description: Enter the total of all other costs. Such costs, where applicable and appropriate,

may include, but are not limited to: consultant costs, local travel, insurance, food (when allowable), medical and dental costs (non-personnel), professional service costs (including audit charges), space and equipment rentals, printing and publications, computer use, training costs (such as tuition and stipends), staff development costs, and administrative costs. Please note costs must be allowable per 45 CFR Part 75 Subpart E.

Justification: Provide a breakdown of costs, computations, a narrative description, and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category has one of two methods that an applicant can select. An applicant may only select one.

1. The applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency.

Justification: An applicant must enclose a copy of the current approved rate agreement. If the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed. Choosing to charge a lower rate will not be considered during the objective review or award selection process.

2. Per 45 CFR § 75.414(f) Indirect (F&A) costs, "any non-Federal entity [i.e., applicant] that has never received a negotiated indirect cost rate, ... may elect to charge a *de minimis* rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in Section 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as the non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time."

Justification: This method only applies to applicants that have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. Applicants awaiting approval of their indirect cost proposal may request the 10 percent *de minimis* rate. When the applicant chooses this method, costs included in the indirect cost pool must not be charged as direct costs to the grant.

Commitment of Non-Federal Resources

Description: Amounts of non-federal resources that will be used to support the project as identified in Block 18 of the SF-424. This line should be used to indicate required and/or voluntary committed cost sharing or matching, if applicable.

For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost

sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

For awards that require matching or cost sharing by statute, recipients will be held accountable for projected commitments of non-federal resources (at or above the statutory requirement) in their application budgets and budget justifications by budget period, or by project period for fully funded awards. **A recipient's failure to provide the statutorily required matching or cost sharing amount (and any voluntary committed amount in excess) may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

For awards that do not require matching or cost sharing by statute, recipients are not expected to provide cost sharing or matching. However, recipients are allowed to voluntarily propose a commitment of non-federal resources. If an applicant decides to voluntarily contribute non-federal resources towards project costs and the costs are accepted by ACF, the non-federal resources will be included in the approved project budget. The applicant will be held accountable for all proposed non-federal resources as shown in the Notice of Award (NOA). **A recipient's failure to meet the voluntary amount of non-federal resources that was accepted by ACF as part of the approved project costs and that was identified in the approved budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

Justification: If an applicant is relying on cost share or match from a third-party, then a firm commitment of these resources (letter(s) or other documentation) is required to be submitted with the application. Detailed budget information must be provided for every funding source identified in Item 18. "Estimated Funding (\$)" on the SF-424.

Applicants are required to fully identify and document in their applications the specific costs or contributions they propose in order to meet a matching requirement. Applicants are also required to provide documentation in their applications on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by project period for fully funded awards).

Applications that lack the required supporting documentation will not be disqualified from competitive review; however, it may impact an application's scoring under the evaluation criteria in *Section V.I. Criteria* of this announcement.

Paperwork Reduction Act Disclaimer

As required by the Paperwork Reduction Act, 44 U.S.C §§ 3501-3521, the public reporting burden for the Project Description is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 02/28/2022. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Application Submission Options

Electronic Submission via www.Grants.gov

This section provides the application submission and receipt instructions for ACF program applications. Please read the following instructions carefully and completely.

Electronic Delivery

ACF is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for grant funding opportunities. ACF applicants are required to submit their applications online through Grants.gov.

How to Register and Apply through Grants.gov

Read the following instructions about registering to apply for ACF funds. Applicants should read the registration instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. Therefore, registration should be done in sufficient time to ensure it does not impact your ability to meet required application submission deadlines.

Organization applicants can find complete instructions here:

<https://www.grants.gov/web/grants/applicants/organization-registration.html>

Obtain a DUNS Number: All entities applying for funding, including renewal funding, must have a Data Universal Numbering System (DUNS) number from Dun & Bradstreet (D&B). Applicants must enter the DUNS number in the data entry field labeled "Organizations DUNS" on the SF-424 form.

For more detailed instructions for obtaining a DUNS number, refer to:

<https://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html>

Register with SAM: In addition to having a DUNS number, organizations applying online through Grants.gov must register with the System for Award Management (SAM). All organizations must register with SAM in order to apply online. Failure to register with SAM will prevent your organization from applying through Grants.gov.

For more detailed instructions for registering with SAM, refer to:

<https://www.grants.gov/web/grants/applicants/organization-registration/step-2-register-with-sam.html>

Create a Grants.gov Account: The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's DUNS number to complete this process. Completing this process automatically triggers an email request for

applicant roles to the organization's E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, you will need the AOR role.

For more detailed instructions about creating a profile on Grants.gov, refer to:

<https://www.grants.gov/web/grants/applicants/registration.html>

Authorize Grants.gov Roles: After creating an account on Grants.gov, the EBiz POC receives an email notifying them of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, which may include the AOR role, thereby giving you permission to complete and submit applications on behalf of your organization. You will be able to submit your application online any time after you have been approved as an AOR.

For more detailed instructions about creating a profile on Grants.gov, refer to:

<https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html>

Track Role Status: To track your role request, refer to:

<https://www.grants.gov/web/grants/applicants/registration/track-role-status.html>

When applications are submitted through Grants.gov, the name of the organization's AOR that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitment on behalf of the organization as an AOR; this step is often missed and it is crucial for valid and timely submissions.

How to Submit an Application to ACF via Grants.gov

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each FOA, you can create individual instances of a workspace.

The following is an overview of applying via Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: <https://www.grants.gov/web/grants/applicants/apply-for-grants.html>

Create a Workspace: Creating a workspace allows you to complete an application online and route it through your organization for review before submitting.

Complete a Workspace: Add participants to the workspace, complete all the required forms, and check for errors before submission.

Adobe Reader: If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace so that they will appear similar to other Standard or ACF forms. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drive(s), then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at:

<https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>

Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS number. To trigger this feature, an applicant must complete the SF-424 information first. Once it is completed, the information will transfer to the other forms.

Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application **at least 24-48 hours prior to the close date** to provide you with time to correct any potential technical issues that may disrupt the application submission.

Track a Workspace: After successfully submitting a workspace package, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the package. The number will be listed on the Confirmation page that is generated after submission.

For additional training resources, including video tutorials, refer to:

<https://www.grants.gov/web/grants/applicants/applicant-training.html>

Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at support@grants.gov. For questions related to the specific grant opportunity, contact the number listed in the application package of the grant you are applying for.

If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist ACF with tracking your issue and understanding background information on the issue.

Timely Receipt Requirements and Proof of Timely Submission

All applications must be received by 11:59 p.m., ET, on the due date established for each program. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When ACF successfully retrieves the application from Grants.gov, and acknowledges the download of submission, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely

submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by ACF.

Applicants with slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Again, Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

Issues with Federal Systems

For any systems issues experienced with Grants.gov or SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at www.acf.hhs.gov/sites/default/files/assets/systems_issue_policy_final.pdf.

Request an Exemption from Required Electronic Application Submission

To request an exemption from required electronic submission please refer to ACF's "Policy for Requesting an Exemption from Required Electronic Application Submission" document for complete guidance at:

https://www.acf.hhs.gov/sites/default/files/assets/acf_policy_for_requesting_an_exemption_from_required_electronic.pdf.

Paper Format Application Submission

An exemption is required for the submission of paper applications. See the preceding section on "*Request an Exemption from Required Electronic Application Submission*."

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See *Section IV.7.* of this announcement for address information for paper format application submissions. Applications submitted in paper format must be received by 4:30 p.m., ET, on the due date.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.4. Submission Dates and Times* in this announcement.

IV.3. Unique Entity Identifier and System for Award Management (SAM)

All applicants must have a DUNS Number (<http://fedgov.dnb.com/webform>) and an active registration with the System for Award Management (SAM.gov/SAM, <https://www.sam.gov>).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, registration at SAM must be active throughout the life of the award.

Plan ahead. Allow at least 10 business days after you submit your registration for it to become active in SAM and at least an additional 24 hours before that registration information is available in other government systems, i.e. Grants.gov.

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of their efforts to register for, or renew a registration, at SAM. User Guides are available under the “Help” tab at <https://www.sam.gov>.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

IV.4. Submission Dates and Times

Due Date for Letter of Intent

Due Date for Letter of Intent: **05/27/2020**

Due Date for Applications: **06/26/2020**

Explanation of Due Dates

The due date for receipt of applications is listed in the *Overview* section and in this section. See *Section III.3. Other, Application Disqualification Factors*.

Electronic Applications

The deadline for submission of electronic applications via www.Grants.gov is 11:59 p.m., ET,

on the due date. Electronic applications submitted at 12:00 a.m., ET, on the day after the due date will be considered late and will be disqualified from competitive review and from funding under this announcement.

Applicants are required to submit their applications electronically via www.Grants.gov unless they received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

ACF does not accommodate transmission of applications by email or facsimile.

Instructions for electronic submission via www.Grants.gov are available at: www.grants.gov/web/grants/applicants/apply-for-grants.html.

Applications submitted to www.Grants.gov at any time during the open application period prior to the due date and time that fail the Grants.gov validation check will not be received at ACF. These applications will not be acknowledged.

Mailed Paper Format Applications

The deadline for receipt of mailed, paper applications is 4:30 p.m., ET, on the due date. Mailed paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

Hand-Delivered Paper Format Applications

Applications that are hand-delivered by applicants, applicant couriers, by overnight/express mail couriers, or other representatives of the applicant must be received on, or before, the due date listed in the *Overview* and in this section. These applications must be delivered between the hours of 8:00 a.m. and 4:30 p.m., ET, Monday through Friday (excluding federal holidays). Applications should be delivered to the address provided in *Section IV.7. Other Submission Requirements*.

Hand-delivered paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Hand-delivered paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

No appeals will be considered for applications classified as late under the following circumstances:

- Applications submitted electronically via www.Grants.gov are considered late when

- they are dated and time-stamped after the deadline of 11:59 p.m., ET, on the due date.
- Paper format applications received by mail or hand-delivery after 4:30 p.m., ET, on the due date will be classified as late and will be disqualified.
- Paper format applications received from applicant organizations that were not approved for an exemption from required electronic application submission under the process described in *Section IV.2. Request an Exemption from Required Electronic Submission* will be disqualified.

Emergency Extensions

ACF may extend an application due date when circumstances make it impossible for an applicant to submit their applications on time. Only events such as documented natural disasters (floods, hurricanes, tornados, etc.), or a verifiable widespread disruption of electrical service, or mail service, will be considered. The determination to extend or waive the due date, and/or receipt time, requirements in an emergency situation rests with the Grants Management Officer listed as the Office of Grants Management Contact in *Section VII. HHS Awarding Agency Contact(s)*.

Acknowledgement from www.Grants.gov

Applicants will receive an initial email upon submission of their application to www.Grants.gov. This email will provide a **Grants.gov Tracking Number**. Applicants should refer to this tracking number in all communication with Grants.gov. The email will also provide a **date and time stamp**, which serves as the official record of application's submission. Receipt of this email does not indicate that the application is accepted or that it has passed the validation check.

Applicants will also receive an email acknowledging that the received application is in the **Grants.gov validation process**, after which a third email is sent with the information that the submitted application package has passed, or failed, the series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged by ACF.

See "What to Expect After Submitting" at www.Grants.gov for more information.

Acknowledgement from ACF of an electronic application's submission:

Applicants will be sent additional email(s) from ACF acknowledging that the application has been retrieved from www.Grants.gov by ACF. Receipt of these emails is not an indication that the application is accepted for competition.

Acknowledgement from ACF of receipt of a paper format application:

ACF will not provide acknowledgement of receipt of hard copy application packages submitted via mail or courier services.

IV.5. Intergovernmental Review

This program is covered under Executive Order (E.O.) 12372, "Intergovernmental Review of

Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Executive Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

Applicants should go to the following URL for the official list of the jurisdictions that have elected to participate in E.O. 12372 <https://www.whitehouse.gov/wp-content/uploads/2017/11/Intergovernmental-Review-SPOC-01-2018-OFFM.pdf>.

Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of their prospective applications and to receive instructions on their jurisdiction's procedures. Applicants must submit all required application materials to the SPOC and indicate the date of submission on the Standard Form (SF) 424 at item 19.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application due date to comment on proposed new awards.

SPOC comments may be submitted directly to ACF to: U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 330 C St. SW, 3rd Floor, Washington, DC 20201.

Entities that meet the eligibility requirements of this announcement are still eligible to apply for a grant even if a State, Territory or Commonwealth, etc., does not have a SPOC or has chosen not to participate in the process. Applicants from non-participating jurisdictions need take no action with regard to E.O. 12372. Applications from Federally-recognized Indian Tribal governments are not subject to E.O. 12372.

IV.6. Funding Restrictions

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions are unallowable. Fund raising costs for the purposes of meeting the Federal program objectives are allowable with prior written approval from the Federal awarding agency. (45 CFR §75.442)

Proposal costs are the costs of preparing bids, proposals, or applications on potential Federal and non-Federal awards or projects, including the development of data necessary to support the non-Federal entity's bids or proposals. Proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect (F&A) costs and allocated currently to all activities of the non-Federal entity. No proposal costs of past accounting periods will be allocable to the current period. (45 CFR §75.460)

Grant awards will not allow reimbursement of pre-award costs.

Construction is not an allowable activity or expenditure under this grant award.

Purchase of real property is not an allowable activity or expenditure under this grant award.

ACF does not fund awards where the role of the applicant is primarily to serve as a conduit of funds to other organizations, unless that arrangement is authorized by statute. In the absence of such statutory authority, each prime recipient's primary role must be to ensure the delivery of

the statutorily authorized services, whether provided directly or through collaborative involvement with their subrecipient(s).

V. Application Review Information

V.1. Criteria

Please note: With the exception of the funding opportunity announcement and relevant statutes and regulations, reviewers will not access, or review, any materials that are not part of the application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers will not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into consideration in scoring of evaluation criteria presented in this section. Reviewers will evaluate and score an application based on the documents that are presented in the application and **will not** refer to, or access, external links during the objective review.

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or sub-recipient that does not have a DUNS number (<http://fedgov.dnb.com/webform>) and an active registration at SAM (www.sam.gov). See *Section IV.3. Unique Entity Identifier and System for Award Management (SAM)*.

Initial ACF Screening

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors*.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process. ACF reserves the right to evaluate applications in the larger context of the overall portfolio by considering geographic distribution of federal funds (e.g., ensuring coverage of states, counties, or service areas) in its pre-award decisions.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested.

ACF does not fund awards where the role of the applicant is primarily to serve as a conduit of funds to other organizations unless that arrangement is authorized by statute. In the absence of such statutory authority, each prime recipient's primary role must be to ensure the delivery of the statutorily authorized services, whether provided directly or through collaborative involvement with their subrecipient(s). Prime recipients of an award under this FOA will be legally accountable to ACF for performance of the project or program. Prime recipients will be held solely responsible in the event of non-compliance by a subrecipient. Applicants proposing to use subrecipient(s) to complete the proposed project will be reviewed by ACF for any management or financial problems. ACF may elect to not allow a prime recipient to subaward if the prime recipient displays an inability to properly monitor and manage subrecipients.

Federal Awarding Agency Review of Risk Posed by Applicants

As required by 2 CFR Part 200, the Uniform Guidance, effective January 1, 2016, ACF is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS), www.fapiis.gov/, before making any award in excess of the simplified acquisition threshold (currently \$250,000) over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency has previously entered into FAPIIS. ACF will consider any comments by the applicant, in addition to other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 CFR § 200.205 Federal Awarding Agency Review of Risk Posed by Applicants (http://www.ecfr.gov/cgi-bin/text-idx?node=se2.1.200_1205&rgn=div8).

Please refer to *Section IV.2.* of this announcement for information on non-federal reviewers in the review process.

Approved but Unfunded Applications

Applications recommended for approval in the objective review process, but not selected for

award, may receive funding if additional funds become available or may compete for funding during the next review cycle (if one occurs in the next fiscal year). Applications designated as “approved but unfunded” typically cannot be kept in an active status for more than 12 months. For those applications determined as “approved but unfunded,” notice will be given of the determination by email.

V.3. Anticipated Announcement and Federal Award Dates

Announcement of awards and the disposition of applications will be provided to applicants at a later date. ACF staff cannot respond to requests for information regarding funding decisions prior to the official applicant notification.

VI. Federal Award Administration Information

VI.1. Federal Award Notices

Successful applicants will be notified through the issuance of a Notice of Award (NoA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via postal mail, email, or by GrantSolutions.gov or the Head Start Enterprise System (HSES), whichever is relevant. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk and may be reimbursed only to the extent that they are considered allowable as approved pre-award costs. Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.6. Funding Restrictions*.

Grantees may translate the Federal award and other documents into another language. In the event of inconsistency between any terms and conditions of the Federal award and any translation into another language, the English language meaning will control. Where a significant portion of the grantee’s employees who are working on the Federal award are not fluent in English, the grantee must provide the Federal award in English and in the language(s) with which employees are more familiar.

VI.2. Administrative and National Policy Requirements

Awards issued under this announcement are subject to 45 CFR Part 75 - Uniform

Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards. The Code of Federal Regulations (CFR) is available at www.ecfr.gov. Unless otherwise noted in this section, administrative and national policy requirements that are applicable to discretionary grants are available at: www.acf.hhs.gov/administrative-and-national-policy-requirements.

HHS Grants Policy Statement

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Notice of Award (NOA). The HHS GPS is available at <https://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-1>.

An application funded with the release of federal funds through a grant award does not constitute, or imply, compliance with federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

VI.3. Reporting

Performance Progress Semi-Annually
Reports:

Recipients under this FOA will be required to submit performance progress and financial reports periodically throughout the project period. Information on reporting requirements is available on the ACF website at www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2.
